Yep. No problem.

I just did this approach for Park City. Andrea really liked it.

Marty,

Are you able to help with this form the OSC website postings. It seems that most of the information must be available on the websites. Let me know if you can do that or not.

Thanks,

Steve

**Subject:** Gold King Mine Release Administrative Record

All – In the call today on the Action Memo for this emergency removal action, Lee Tyner with OGC reminded us that the NCP requires that we publish a notice of the availability of the administrative record file within 60 days of initiation of onsite removal activities. Thus, we need to get working on establishing the AR ASAP.

If you all can identify and send to me documents (if they are not already in the Record Center) that you want to place in the AR, I will get them into the Record Center or if they are already in, I will have them coded as AR.

Thanks
